Roadmap 2026

Data Scientist *banna hai?*

```
$ cat roadmap.txt
6 steps. ~6 mahine.
Python → Stats → SQL → Viz → ML → Projects
```

Free resources, mini projects aur weekly timeline — sab ek jagah. Swipe karo →

@techie.addy

Ek nazar mein

Poora plan

01	**Python**	Expense tracker (CLI) ya number guessing game	3–4 hafte
02	**Stats**	Kisi dataset ka distribution analyse karo	3 hafte
03	**SQL + Pandas**	Messy dataset clean karo + 10 insights nikalo	4 hafte
04	**Data Viz**	Cricket ya sales data ka dashboard banao	2 hafte
05	**Machine Learning**	House price prediction ya churn classifier	6–8 hafte
06	**Projects**	Titanic se shuru karo, phir apna idea	ongoing

1–2 ghante daily = ~6 mahine

@techie.addy

Step 01

3–4 hafte

Python

// KYA SEEKHNA HAI

- Variables, data types, operators
- Loops aur conditions
- Functions aur modules
- Lists, dicts, sets, tuples
- File handling aur basic OOP

// FREE RESOURCES

→ **Kaggle Learn → Python**

→ **freeCodeCamp → Python (YouTube)**

→ **Real Python → articles**

// MINI PROJECT

Expense tracker (CLI) ya number guessing game

@techie.addy

Step 02

3 hafte

Statistics

// KYA SEEKHNA HAI

- Mean, median, mode, variance, std
- Probability aur Bayes theorem
- Distributions (normal, binomial)
- Hypothesis testing, p-value
- Basic linear algebra (vectors, matrices)

// FREE RESOURCES

→ **Khan Academy → Statistics & Probability**

→ **StatQuest (YouTube)**

→ **3Blue1Brown → Linear Algebra**

// MINI PROJECT

Kisi dataset ka distribution analyse karo

@techie.addy

Step 03

4 hafte

Pandas

// KYA SEEKHNA HAI

- SELECT, WHERE, ORDER BY, LIMIT
- JOIN, GROUP BY, window functions
- Pandas: read_csv, groupby, merge
- Missing values aur data cleaning
- EDA: patterns aur outliers dhoondo

// FREE RESOURCES

→ **Kaggle Learn → Intro to SQL, Pandas**

→ **Mode SQL Tutorial**

// MINI PROJECT

Messy dataset clean karo + 10 insights nikalo

@techie.addy

Step 04

2 hafte

Visualize

// KYA SEEKHNA HAI

- Matplotlib basics
- Seaborn se quick statistical plots
- Sahi chart sahi data ke liye
- Power BI ya Tableau ka intro
- Data storytelling

// FREE RESOURCES

→ **Kaggle Learn → Data Visualization**

→ **Seaborn official tutorial**

→ **Microsoft Learn → Power BI**

// MINI PROJECT

Cricket ya sales data ka dashboard banao

@techie.addy

Step 05

6–8 hafte

Learning

// KYA SEEKHNA HAI

- Regression aur classification
- Decision tree, random forest, KNN
- Clustering (K-means)
- Train-test split, cross-validation
- Metrics: accuracy, precision, recall, RMSE

// FREE RESOURCES

→ **Kaggle Learn → Intro to ML**

→ **scikit-learn → User Guide**

→ **Andrew Ng → ML Specialization (Coursera)**

// MINI PROJECT

House price prediction ya churn classifier

@techie.addy

Step 06

ongoing

Projects

// KYA SEEKHNA HAI

- 3–5 end-to-end projects
- Clean README har repo mein
- Notebooks Kaggle par publish karo
- Streamlit se app deploy karo
- LinkedIn par apna kaam share karo

// FREE RESOURCES

→ **Kaggle → Datasets aur Competitions**

→ **GitHub → apna portfolio**

→ **Streamlit → free deploy**

// MINI PROJECT

Titanic se shuru karo, phir apna idea

Bas ye 3 baatein

01

Daily consistency

Roz 1–2 ghante, lamba binge nahi.

02

Projects > certificates

Har step ke baad kuch banao, GitHub par daalo.

03

Seekhte hue share karo

LinkedIn ya Instagram par apna progress dikhao.

daily tech reels ke liye follow karo
